Services:

Cullachange calls you before processing your order and can assist in choosing the type of service.

Batch dyeing groups a number of customers' items together to provide cost savings. When sending several items, each one can be dyed a different Chart colour. Final colours may vary from the Chart. Let us know how important the final colour is to you.

Custom dyeing processes items individually. Several articles of the same fibre/fabric type, such as bridesmaid dresses, can be Custom dyed together. It is recommended for colour accuracy, tailored, vintage and delicate articles.

Colour matching, Ombre and Hand dyeing are referred to our Dyer for quotes. When colour matching send a 'block' colour sample to match.
